THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 6.

HUNTSVILLE, ALA., FEBRUARY, 1898.

No. 2

To Nurserymen, Florists and Seedsmen.

CURRENTS TO BURN!

Is what we thought we were going to have next Spring, but we showed a few people what a fine lot of plants we had, reduced prices upon them, and they have been going off very lively. We still have a moderate surplus though, and will quote low prices till closed out. Finer plants never grew.

Standard Pears Ditto.

Everything we have said about Currants applies to Standard Pears also. We have a handsome lot of fine, smooth trees. If wanting Pears, do not fail to write us. We can suit you on both price and grading.

Free Plates of Our Specialties,

Yellow Rambler Rose, Lord Penzance's Sweet Briars, and Cumberland Raspberry, will be supplied to all reliable nurserymen who will place them in the hands of their agents and push the sale of these valuable novelties. They are "order-getters," all three of them.

Also write us if wanting

Peaches,	Plums,
Cherries	Apples,
Grapevines,	Gooseberries,
Raspberries,	Blackberries,
Clematis,	Shrubs,
Ornamental Trees, Roses.	

Jackson & Perkins Co.,

Newark, Wayne Co., New York.

Apple Grafts.

Put up to order by experienced workmen. Order early.

APPLE SEEDLINGS.

A few yet in stock, including 50,000 No. 1 branched roots, at a discount.

Write for prices.

Fairbury, Neb.

FRANK HANCOCK,

MATHERS, WISCONSIN,

—DEALER IN—

Sphagnum Moss.

I am absolutely the only dealer in this vicinity who owns the swamp from which the moss is taken, and I personally superintend getting out the moss for my customers. I can therefore guarantee my moss to be of the very best quality and the bales to be of the largest size. Moss can be supplied in any quantity desired either in bulk or in bales. Be sure to get my prices before placing your orders elsewhere.

ENVELOPES of every kind, size and quality, at Factory Prices.

Send your samples and get quotations and save from 10 to 50 per cent. Order in time to have them sent by freight. Any other Printing, Lithographing, Engraving or Blank Books you may require can be sent at same time, at an equal saving in price.

THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 6.

HUNTSVILLE, ALA., FEBRUARY, 1898.

No. 2

THE PRAGTICAL NURSERYMAN.

PUBLICATION OFFICE:
HUNTSVILLE, ALABAMA.
W. G. DICKSON, PRINTER.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of 2,300 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be received one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

Hardness of the Wickson Plum.

S. A. Beach, New York Experiment Station, writes to the Orange Judd Farmer as follows: Wickson, the new Japanese cross-bred plum which was originated by Luther Burbank, California, and first fruited by him about 1893, has been successfully fruited in New York, and is attracting the favorable attention of nurserymen and fruit-growers. Some of the features which recommend it for testing by those who are interested in plum culture are its extremely large size, fine flavor, good quality and attractive color. Even when picked rather green it colors and ripens well. The skin is thick and uniformly colored with red shaded with reddish purple. It was produced by crossing Kelsey with Burbank. Like Burbank, it is a cling, with amber-yellow flesh, juicy, yet so firm that it keeps and ships well.

C. P. Close produced some of this fruit in an orchard near Seneca Lake, in Western New York. The fruit was borne the past season on grafts which were set three years ago. The fruit reaches a diameter of $2\frac{1}{4}$ inches. It bears the largest fruit of any Japanese plum which has yet been introduced that is hardy in New York. At the Geneva, N. Y., experiment station grafts which were set in 1895 survived the exceptionally trying winter

of 1895-6 and fruited in 1897.

The Wickson makes a good nursery tree, being a vigorous, upright grower, with rather narrow leaves, the edges of which have a tendency to turn inward, so that the tree reminds one of *Prunus Simoni*. Taking all things into consideration, it is not surprising that nurserymen are increasing their stock of this variety.

OVER a million dollars (\$1,104,000) has just been paid by the United States Treasury to help the 48 agricultural colleges during the fiscal year ending June 20, 1898. They get \$23,000 apiece this year, under the act of 1890, against \$22,000 last year. In July next the amount will be \$24,000, and on and after July 1, 1899, the sum will be \$25,000 each and every year. This is equal to the stupendous endowment by the Federal government of from 25 to 40 millions of dollars for agricultural education, or an endowment of \$500,000 to \$800,000 to each college, according as an income is reckoned at 3, 4 or 5 per cent. On top of this princely grant the government gives \$15,000 annually to each State for an experiment station in connection with these colleges. How are these wealthy institutions using this vast gift from the people? How much more or better work are these colleges doing than before they were recipients of this largess? Other pointed questions arise in this connection, especially when these institutions ask their State legislatures for still more funds. Have any of them practiced the economy farmers and other people have had to employ since 1891-2?—American Agriculturist.

It is generally believed that the rich coloring which our oaks and other trees put on in the Fall of the year is due to the conditions of the climate. It does seem that in some way or other this peculiar condition of coloring should be due to local causes, but, if so, it has assumed a hereditary character, for, when the trees are planted in the Old World, they still continue to maintain the character of rich coloring which they assumed in their native place of growth. Our American oaks are especially valued in the Old World for the bright coloring of the leaves which they present in the Fall of the year as happily as they do in America.—Meehan's Monthly.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

The Huntsville Wholesale Nurseries.

ADDRESS ALL CORRESPONDENCE TO

W. F. HEIKES, MANAGER,
HUNTSVILLE, ALABAMA.

Fall of 1897 and Spring of 1898.

ENTOMOLOGIST'S CERTIFICATE.

This is to certify that on May 21st, 1897, I personally examined all stock of the Huntsville Wholesale Nurseries, and found it entirely free from San Jose scale and otherwise in excellent condition.

Carl D. Baker

Entomologist - State Exper. Sta., Auburn, Ala.

DISTRIBUTING POINTS.—We are making St. Louis, Mo., Chicago, Ill., and Philadelphia, Pa., distributing points, and will deliver free of freight charges to transfer companies, at either of these places, all orders in car lots, or in less than car lots, to be shipped from Huntsville early in Spring and placed in cold storage so that customers can get their trees early and at a day's notice when shipment is desired. Orders should be sent as early as possible to insure a good assortment, as our surplus is less than usual.

CUT PRICES AND COMPLIMENTARY PRICES.—We will not cut prices nor sell anything at "Complimentary Prices" as we have sometimes done in closing out our surplus at St. Louis.

Use the Nurserymen's Telegraph Code. Any one not in possession of a copy will be supplied upon application.

This is the nurseryman's paradise. There are no injurious insects on nursery stock, no slugs on pears, no aphids on cherries nor peaches, no San Jose scale on anything. There are some borers on peach trees, but everybody knows how to get them.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

In this issue of our price list we show the numbers, sizes and prices of all varieties remaining unsold to date. Correspondents should, however, give us the privilege of substituting varieties, sizes and prices, as far as it can be allowed, if in a hurry for shipment, as we do not substitute, as a rule, without permission.

LINING OUT.—We will sell small trees for "lining out" in nursery rows, and take notes bearing interest at the maximum legal rate, payable May 1, 1899, on responsible paying parties. This offer includes Keiffers and LeConte one year, 1 to 2 feet and 2 to 3 feet; Plums one and two years, 1 to 2 feet, 2 to 3 feet and 3 to 4 feet; Cherries 3 to 4 feet under $\frac{1}{2}$ inch; Peaches 1 to 2 feet and 2 to 3 feet; Quince grafts, one year. Trees for this purpose may be ordered at once, but will not be shipped to Southern customers before February 15th and to Northern customers before April 5th. See price list for prices on these small grades. Trees sold on our usual terms will be shipped promptly when ordered.

GRADE-COUNT QUOTATIONS.

The publication of this list abrogates previous quotations.

Except where prices are agreed upon, these quotations are subject to change without notice.

See Terms and Conditions governing these quotations on another page.

Should the grade ordered be sold, state whether the next higher or lower grade may be substituted

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

CHICAGO, ILL.—We will make Chicago, Ill., a distributing point this Spring, to those who prefer it, on orders received after this date, and also for a portion of our surplus.

APPLE SEEDLINGS, No. 1, 3-16 and up, \$3.50 per 1000; No. 2, 2-16 to 3-16, \$1.75 per 1000 in 5000 lots at Huntsville. Less quantities, 50 cents per 1000 additional.

PEACH TREES--On Peach, Leading Varieties.

Our Peach Trees are budded on seedlings grown from Tennessee and Alabama Pits. They are free from Aphid or Root-knots, and have fewer borers than those from most nurseries.

We can supply beautiful medium and small-sized peach trees. The lands upon which our peach trees are grown this year produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culls left after the larger trees have been dug and offered so cheaply by other nurseries. The Yellows and Roseette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

FIELD-GROWN ROSES.

OWN ROOTS.

Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi, Miss. On orders sent in by Northern customers for Spring delivery, we will pay freight to Chicago, and hold in cold storage there until wanted. The No. 1 plants will have three or more branches and will be cut back to 24 to 30 inches. The roots are very fine. We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and makes a very nice grade for mailing.

NO. 2 PLANTS OF ABOVE VARIETIES FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1. The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting.

THE MARECHAL NEIL ROSES are very fine, strong bushes. The No. 1 plants are 3 to 4 feet high with very fine roots. The tops will be cut back to 2 feet. They are grafted on non-sprouting roots. All other varieties offered are on their own roots, grown from cuttings.

STANDARD PEARS--One Year Cuttings—Garber, per 1000, 5 to 6 feet, \$50; 4 to 5 feet, \$40; 3 to 4 feet, \$35; LeConte, 2 to 3 ft., \$25; 3 to 4 ft., \$35.

PLUMS--Two Years, on Plum—Satsuma, ¾ to 1 inch, \$65 per 1000; 11-16 to ¾, \$80; ¾ to 11-16, \$50.

PLUMS--One Year, on Plum—Satsuma, Robinson, Pottawattamie, per 1000, 5 to 6 feet, \$65; 4 to 5 feet, \$50; 3 to 4 feet, \$30.

MULBERRIES--Very Fine—New American and Downing, two years, per 1000, ¾ to 1 inch, \$100; ¾ to ¾, \$80; 9-16 to 5-8, \$75.

FIGS—Assorted, one year, 4 to 5 feet, \$8.50 per 100; 3 to 4 feet, \$8.00 per 100; 2 to 3 feet, \$7.00 per 100.

PECANS—Gulf Coast soft shell Seedlings 4 to 5 feet, \$15 per 100; 3 to 4 feet, \$12.50; 2 to 3 feet, \$10.

Terms and conditions governing above quotations are the same as those given by the Huntsville Wholesale Nurseries.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred, orders requiring 300 trees or more, and not less than 10 of a variety, will be filed at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows: Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

FOR RENT.

One tract of 160 acres adjoining the Huntsville Nurseries. Good house and barn and outbuildings. Never-failing stream of water. Will give out nursery stock to be grown on shares. Rent \$300 a year.

The tract of 270 acres adjoining the Nurseries will be rented upon the same terms.

LANDS FOR SALE.

A Rare Opportunity to Acquire a Home in the South.

We offer the following lands at HUNTSVILLE, ALA., and BILOXI, MISS., for one-third cash, balance in one, two and three years, with six per cent. interest, and will give purchasers contracts to grow nursery stock sufficient to pay the deferred payments:

One tract of 10 acres adjoining the Nurseries, with good dwelling house. Price \$400.

One tract of 10 acres adjoining the Nurseries, with new cottage of 6 rooms. Price \$650.

One tract of 270 acres adjoining the Nurseries on the East. A small stream of never-failing pure water runs through this place. Can be divided into smaller tracts. Price \$10.00 per acre.

One tract of 40 acres adjoining the Nurseries on the South, watered by a never-failing stream. Price \$15.00 per acre.

HOMES ON THE GULF COAST.

One tract of 50 acres adjoining the Biloxi Nurseries, with good dwelling house and outbuildings. Price \$800.

Two tracts of 50 acres each adjoining the Biloxi Nurseries, unimproved. Price per acre \$10.00.
